If we were to provide comprehensive prenatal care, sexual health care, food security, safe housing and if all the social determinants of health were on par with average Canadians, ***that's FASD prevention.***

COMMUNITY CONSULTATIONS

April, 2020

Alcohol in Inuit Nunangat has a specific history tied to the arrival of settlers, policies of assimilation that sought to destroy Inuit ways of life, and ongoing intergenerational trauma.

LET'S END FASD STIGMA. LEARN MORE.
