BOARD SKILLS AND EXPERIENCE

As a Director with Pauktuutit Inuit Women of Canada, you will help guide the organization's work to improve the lives of Inuit women, their families, and communities. Directors work together to set the overall direction, make key decisions, and ensure the organization's activities reflect its values and priorities. In this role, you act as a fiduciary for the organization (meaning you are to put Pauktuutit's best interests first, act with honesty, and use its resources responsibly). You will bring your lived experience, skills, knowledge, and perspective to support Pauktuutit's mission, while representing the interests and voices of Inuit women across Canada.

Serving on the Board is both a leadership and a learning opportunity, where you help shape the future of the organization and contribute to positive change for Inuit women.

Pauktuutit's Board of Directors (BoD) is most successful in meeting those fiduciary responsibilities when it is made up of a diverse group of Directors with a diverse set of skills. As a result, Pauktuutit works to have a BOD that, when combined, has a mix of capability across various priority areas – including *Insight into Current Priorities for Inuit Women, Governance, Finance, Business Leadership, Stakeholder Relations and Strategy Development, Risk Management, Human Resources Management, Legal, Procurement, Communications and Information Technology.*

Please share with us your skills, experiences, and/or willingness to learn the priority area above in a short summary below.

In addition, please include a letter of recommendation from a community leader in your region that attests to your character as a community representative (Note: Inuit community leaders – male or female, can be elected, religious, traditional, respected elder, or hold a position of authority in your region).
